

WELCOME TO OUR COMPANY

VERA
ITALIANA

ABOUT OUR COMPANY

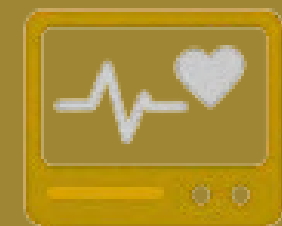

Founded in 2025, Vera Italiana S.R.L is headquartered in Italy with a regional branch in Egypt, positioning itself as a leading player in the global healthcare and medical supply industry.

Since its establishment, the company has specialized in the export and distribution of medical devices, pharmaceutical products, and medical supplies, ensuring compliance with the highest European and international quality standards.

Our Scope of Work includes:

- ✓ Exporting and supplying advanced medical devices for hospitals and clinics.
- ✓ Providing a wide range of medical supplies and consumables for the healthcare sector.
- ✓ EXPORTING AND DISTRIBUTING PHARMACEUTICAL PRODUCTS.
- ✓ EQUIPPING AND MANAGING HOSPITALS AND CLINICS WITH STATE-OF-THE-ART MEDICAL SOLUTIONS.
- ✓ OFFERING MAINTENANCE SERVICES AND TECHNICAL SUPPORT FOR MEDICAL EQUIPMENT.
- ✓ DELIVERING CONSULTANCY AND INTEGRATED SOLUTIONS FOR HEALTHCARE PROJECTS.
- ✓ TRAINING AND CAPACITY BUILDING ON THE USE OF ADVANCED MEDICAL SYSTEMS AND DEVICES.

Active pharmaceutical ingredients

The active ingredients of Vera Italiana S.R.L

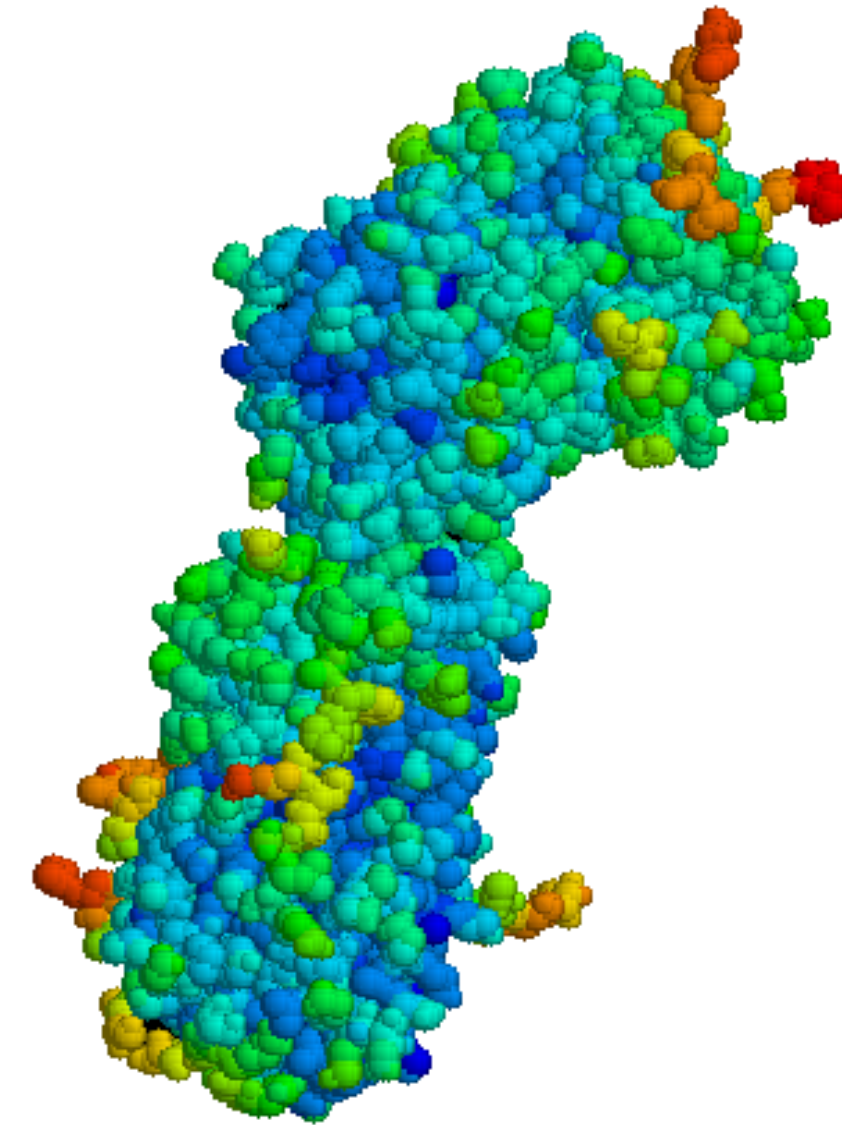

Trade name	Active ingredient	Medical use
Albumina umana	Human Albumin (20%)	Replacement of albumin deficiency (treatment of hypovolemia, burns, hepatic/renal syndromes).
Antitrombina III	Antithrombin III	Treatment or prevention of clots in patients with congenital or acquired antithrombin deficiency.
Hematrix	Polyurethane foam dressing + hemostatic active substances	A medical device (wound dressing) to stop bleeding and promote wound healing.
SeraSeal	Hemostatic agent	A medical device used in surgery to control bleeding and accelerate tissue healing.
Cevenfacta	Eptacog alfa (Recombinant Factor VIIa, DNA recombinant)	Treatment of bleeding in patients with hemophilia with inhibitors of factors VIII or IX, or other bleeding conditions.
Ceprothin	Human Protein C	Treatment of protein C deficiency (congenital or acquired) and prevention of its complications such as disseminated intravascular coagulation (DIC).

Proplex	Human Prothrombin Complex	Treatment and prevention of bleeding in patients with hemophilia B or in cases of clotting factor deficiency.
Recombine	Octocog alfa (Recombinant Factor VIII)	Treatment and prevention of bleeding in patients with hemophilia A (factor VIII deficiency).
Talate	Human Factor VIII + von Willebrand factor	Treatment of bleeding in patients with hemophilia A or von Willebrand disease.
Provertinum	Human Factor VII concentrate	Treatment of bleeding due to factor VII deficiency.
FibriClotte	Human Fibrinogen	Treatment of congenital or acquired fibrinogen deficiency (to stop bleeding or before surgery).
Iqymune	Human Immunoglobulin IV (IVIg)	Treatment of primary or secondary immunodeficiency, and some autoimmune diseases.
Albumina umana	Human Albumin 20% (50 ml)	Compensation for albumin deficiency (hypovolemia, burns, liver and kidney diseases).
